FOREWORD

"HITCH YOUR WAGON TO A STAR"

Ralph Waldo Emerson

The Auriga, a five-star constellation representing the five towns in the school district, is our school seal. We, the class of 1962, chose the Auriga as the theme of our yearbook to stand for the five aims of our school life: scholarship, sportsmanship, service, leadership, and character. For four years, we have worked toward these five goals: scholarship through our studies; sportsmanship through athletics, service through our classes, leadership through activities, and character through living with one another.

But our school life was not all work; we enjoyed . . .

DEDICATION

WILLIAM E. MIELKE
Harvard, B. A.

Guidance Director
Boston University, Ed. M.

The Class of 1962 is proud to dedicate this book to William E. Mielke, our Guidance Director. He has guided every senior in some way.

He has helped us in student-teacher relationship problems and, most of all, in planning our future.

We appreciate the time he has given to us. His office is always open whether we want to discuss an important problem or just drop in to say "Hello!" Mr. Meilke has been both friend and adviser to us.

He has guided us in our five aims: Scholarship, Leadership, Character, Service and Sportsmanship. The Senior Class of 1962 is greatly indebted to him for all he has done.

Congratulations to you upon successful completion of high school. Your education has been possible through the joint efforts of your parents, other community citizens, and the school staff, as well as through your own diligent endeavors. The attitudes, knowledges, habits, etc., acquired through twelve years of school instruction should provide a firm foundation to enable a continued full and useful life. In order to pursue a truly useful life in the rapidly changing world of today, one must continually strive for new knowledge and understanding. As you approach the freedoms and responsibilities of mature adulthood, I hope that you will not merely inquire, "What can I get from the world?" but that you will also ask, "What can I contribute?"

Sincerely,

George H. Daniel

Dear Seniors,

To each of you go my most sincere congratulations. You are about to assume a more important place in society and the important responsibilities that go with it. One of these is the responsibility to put to good use the knowledge gained in your formal education. The future of your communities and country will be determined by how this knowledge is used.

Good luck and best wishes always.

Sincerely,

Albert J. Trocchi

Dear Graduates:

Today, the world seems so fraught with difficulties that many people despair. We sometimes forget the wonderful opportunities that exist. It is in the realm of man's relation to man that the most serious problems lie, and the most challenging opportunities may be found. To recognize our problems and opportunities and take effective action is heroism in this, an age of rapid change.

You, the youth of our land, have great opportunities to improve the relationships of men, but you must have strength: mentally, physically and morally. Mount Everett, your families, and the community have helped in developing these strengths. The responsibility for continued development of them now rests with you as individuals. You will need to continue to study, both individually and in class situations, and to maintain your physical vigor. Most important, you will need to act to improve man's relation to man.

May you serve yourselves and your fellow men well. Knowing you gives one cause for optimism for the future.

Sincerely,

C. J. Newlon

YEARBOOK CLUB

Alice says everyone in favor say "aye". Claude objects. Pat Gingras wants the proposition to be explained again for her notes. Judy Henderson has another suggestion. Mr. Shea urges us to stick to Parliamentary Procedure.

Dave, Ellen Wood, and Evelyn are sitting in a triangle looking at the pictures of the class play. Every once in a while a laugh is heard. Sally is passing out envelopes to be addressed. Rita and Rosalie are working on the prom page. Barbara and Ellen Willcox are in a corner studying for a test, Claude and Pat Cowen are at the board figuring out some mathematical problem about the dummy paper — this is our yearbook club.

JUNIOR CLASS OF '63

The Junior class began early in the year preparing for their most important events: the Prom, scheduled for June 1st, and getting their class rings. They decided on having "South of the Border" for the Prom theme. They immediately organized committees and were busy working and planning to make it a success.

The Juniors were pleased when they received their class rings. The rings had a square stone with the standardized Mt. Everettt crest. This year they climbed to the third step on their academic ladder. Just one more year remains for these students.

THE STUDENT COUNCIL

The Student Council is an important organization in our school. Through the twelve members of the council, the student body is more closely linked to the school and faculty. Under the guidance of Mr. Trocchi, the council is capable of making recommendations and passing laws to benefit the school. In addition, membership on the council gives the student an opportunity to develop qualities of leadership, fellowship and responsibility while at the same time, they are taking an active part in the school's operation.

The Student Council has been responsible for such things as sponsoring spectator buses to basketball games, closing school at 12:10 before vacations, maintaining the school store, and ushering at the annual Open House. This has been an active and productive year for the Student Council.

Besides the High School Glee Club, Mr. Ellis has formed a sixth grade Glee Club. These students, who will make up the future high school club, will be well prepared for their high school singing debut.

BAND

The regular forty-five members of our band have fun progressing at a most satisfactory rate of accomplishment. In the past year, the Band presented two concerts in addition to participating in the traditional Memorial Day exercises and the recent Great Barrington Bi-Centennial Celebration. Other Band activities include playing for the home football games and presenting a Christmas Concert for the Mill River elementary students.

All of the Band members are extremely proud of one of its members, Norman Swain, who recently performed in the Western Massachusetts District Band and was asked to audition for the Massachusetts All-State Band.

The seniors wish to take this opportunity in expressing their sincere thanks to Mr. Ellis for all he has done for us during these past two years. He has certainly contributed to Mt. Everett in building up such a large and fine glee club and band. We have greatly enjoyed working with him along with learning to appreciate music. His selections have brought enthusiasm to all of the members.

GIRLS' ATHLETIC ASSOCIATION

Many of the girls in the past have shown great interest in athletics. This year is no exception. One of the largest groups ever assembled is participating in the Girls' Athletic Association. This gives the high school girls a chance to keep in good physical condition and provides an opportunity for them to meet girls from other schools on "play days."

JUNIOR HIGH BOY'S INTRAMURALS

About 60 percent of the boys in the seventh and eighth grade participate in the intramural program. Mr. Maghery, the director of the program, feels that competition among boys of the same age and of approximately equal athletic ability is the chief goal of the junior high intramural program.

SENIOR HIGH BOY'S INTRAMURALS

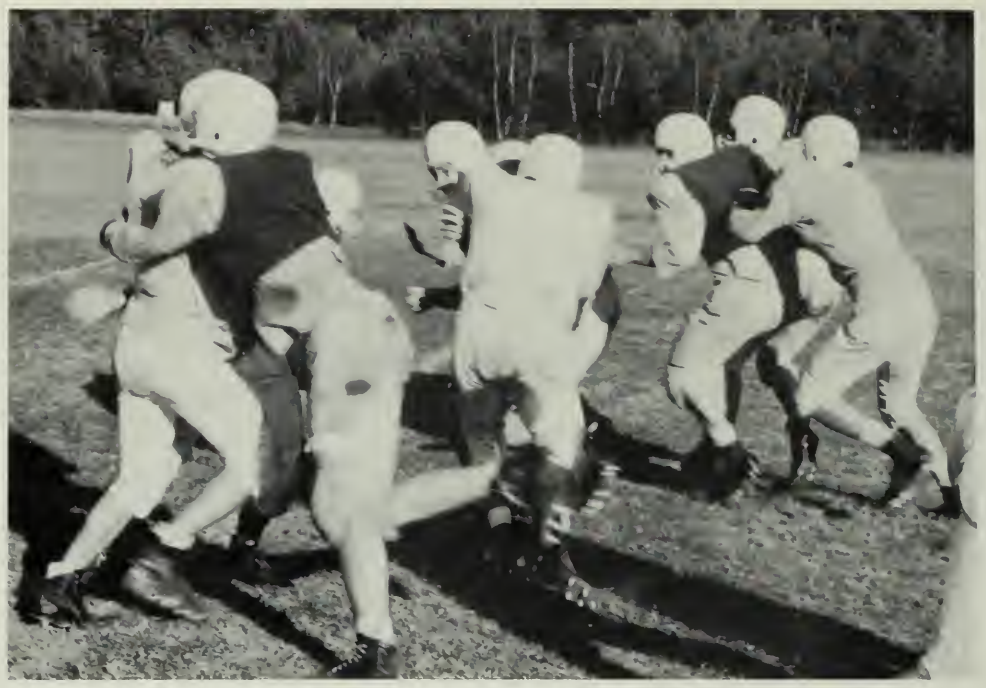

The purpose of the senior high intramural program is two-fold. First, like the junior high program, it is designed to allow boys to compete with other boys of comparable age and ability. Secondly, the program gives the boys who are not quite talented enough to play interscholasticly a chance to play in an organized setup. During the course of a year, the program includes competition in football, volleyball, and softball.
